नमस्ते Dear Colleagues,  
मुस्वागतम्!

On behalf of the Organizing Committee, it is both an honour and a distinct privilege to extend a most cordial welcome to all distinguished faculty, delegates, and guests to the **13th Hello Diabetes Academia (HDA): International Conclave – 2026**, scheduled to be held from **19th to 21st June 2026** in the culturally vibrant and centrally located city of Nagpur, Maharashtra, Bharat.

The HDA platform has, over the years, evolved into a respected forum for academic excellence, global dialogue, and collaborative advancement in diabetes and metabolic medicine. The 2026 edition stands further strengthened by the valued partnership and shared academic vision of our esteemed institutional collaborators—

**IDF** (International Diabetes Federation – South-East Asia), **BAPIO** (British Association of Physicians of Indian Origin), **ACP** (American College of Physicians - India Chapter), **DIPSI** (Diabetes in Pregnancy Study Group India), **AARO** (Association of Advanced Research in Obesity), **IPF** (Innovative Physician Forum), **IPA** (Indian Podiatry Association) **IMA** (India Medical Association Nagpur), **DAI** (Diabetic Association of Indian Nagpur) and **IDA** (Indian Dietetic Association Nagpur) Their continued association substantially enhances the scientific depth, international stature, and global relevance of this conclave.

HDA 2026 convenes an eminent assembly of national and international experts who will share contemporary evidence, translational research, and real-world clinical experience across the spectrum of diabetes and metabolic disorders. The scientific programme has been thoughtfully and meticulously curated to deliver a comprehensive academic experience, encompassing **5 Prestigious Orations, 10 Interactive Workshops, 90 Research Paper** from various medical colleges, plenary sessions, keynote addresses highlighting landmark advances, focused clinical deliberations, satellite symposia, case-based masterclasses, and honoured lectures.

Further enriching the academic fabric of the conclave are **"Heart-to-Heart Talk"**, a conversation with eminent faculty, the **Convocation Ceremony** for graduates of the CCEBDM and NDEP programmes, **DE-CON** (Diabetes Educators Conclave), **JD-CON** (Juvenile Diabetes Conclave) for Type 1DM children & their caretaker, and a formal **Legacy Awards**, A Unique **International Yoga Day** in collaboration with the Lokmat Times & Art of Living Ceremony recognising exemplary contributions and academic excellence in diabetes care and education. Collectively, these initiatives offer a unique and inclusive platform for clinicians, researchers, educators, dietitians, diabetes care professionals, young physicians, healthcare teams, policymakers, and medical students to engage in meaningful dialogue and contribute to the advancement of global diabetes outcomes.

While academic discourse remains the cornerstone of this gathering, we sincerely hope that your stay in **Nagpur (आमची संत्राची नगरी)**—a city known for its gracious hospitality, rich cultural heritage, and distinctive culinary traditions—will be both comfortable and enriching. Your presence lends immense value to this conclave, and we are deeply honoured to host you.

Warm regards,

सर्वेभ्यः आयुष्मद्भ्यः विदुषेभ्यः च हार्द स्वागतम् ।

**Dr. Sunil Gupta**  
Organising Chairman, HDA 2026
